

You CAN Quit Using Tobacco!

You can do it! It takes hard work to stop smoking, chewing tobacco or using snuff. But, there are lots of great reasons to quit. Here are just a few:

- You will feel better, and most likely live longer.
- You will reduce your chance of a heart attack, cancer or stroke.
- You will have more energy and breathe easier.
- If you are pregnant, your baby will get more oxygen and be healthier.
- The people you live with, especially your children, will be healthier.
- You will have extra money to spend on things other than tobacco products!

The State Health Plan for Teachers and State Employees has many benefits and resources to help you.
